If designed, installed, and maintained in accordance with all requirements, the nominated HBB flooring products will comply with the E3 NZ Building Code Clauses. The following methods to achieve an Alternative Solution for kitchen, bathrooms and laundries.

History Of Use

Health Based Building in partnership with Hardie & Thomson have manufactured and supplied timber flooring products into the New Zealand and Australian markets for 113 years. The past 11 years has connected Foreverbreathe Oil Coatings locally manufactured by Natural House in Motueka New Zealand. Natural House have been manufacturing natural plant chemistry oil coatings for 27 years.

E3.3.3 & E3.3.5

As per Comment under 3.1.1 of E3/AS1 “Other floor finishes may also be capable of satisfying the performance for impervious and easily cleaned, if installed in a manner that prevents gaps or cracks within the finish and at any parts of its perimeter that are exposed to water splash, and/or if the surface is sealed with a suitable durable coating.”

This statement can be broken down into three parts to help demonstrate compliance.

1: Proper Installation.

Technical literature including installation guide from Health Based Building must be followed to make sure the flooring is installed properly to prevent gaps or cracks within the finish.

2: Profile accuracy and performance.

Health Based Building flooring products involve proven NZ3604 T&G and end matching profiles.

3: Coating & Cleaning

Foreverbreathe Oil Coating product for flooring systems is inclusive of finishing kits to ensure accurate understanding of volume, application and maintenance.
