

## STORAGE AND HANDLING

# *Earthen* & *foreverbeech*<sup>TM</sup>

**As the timber is kiln dried, care must be taken to make sure the product remains dry at all times before installation.**

Timber must be stored on a well-ventilated level surface, on bearers at least 250mm off the ground or substrate such as concrete.

Timber must be protected from weather, direct sunlight and moisture prior to installation.

Timber must be pre-coated (first coat) to all edges, back and face before installation.
