

PRODUCT SPECIFICATION

Product System:	Generic Specification for the Installation of Timber Floor Coverings to a Magnum Board Substrate, Health Based Building, Christchurch
Project Reference:	
Site Address:	
This Specification is intended for the above listed products and all products must be installed in accordance to this product specification and the Technical Data Sheet (TDS) of the products listed herewith.	

1. ADHESIVE

a. Trade Name: [Ultrabond Eco 995](#)

Ultrabond Eco is MAPEI's premium 100% solids, one component, moisture curing urethane adhesive for all types of wood and bamboo flooring. Ultrabond Eco can be used in a single coat application method that provides a superior bond with moisture emission control on concrete slabs. Or as a standard adhesive over other substrates not requiring a moisture barrier.

2. Installation over the Magnum Board substrate

- a. All framing must be straight and level, with all Magnum Board edges fully supported by joist framing.
- b. The substrate should be free of dust, oil, wax, paint or other surface contaminants before the adhesive is applied.
- c. Installation of the timber flooring can be carried out utilising Ultrabond Eco 995. A suitable V notched trowel as recommended by the timber manufacturer must be used, notwithstanding a 100% contact of the adhesive bed to the timber flooring.

The information in this Specification is consistent with the information given in the Product Technical Data Sheets (TDS). If further information is required, MAPEI recommends referring to the Product TDS, or seeking advice from MAPEI NEW ZEALAND LTD.

The information given in this Specification relating to the application and use of MAPEI products is given in good faith based on MAPEI's current knowledge and experience of the product when appropriately stored, handled and applied under recommended conditions as per the information in the Product TDS. In practice, the difference in application conditions, substrates, materials, and site environments are such that no guarantee in respect of consumption, or fit for a particular purpose can be concluded either from the information given in this specification, or any other written or verbal recommendations. The Applicator of the product must assess the substrate and the product's suitability for the intended application and final service provision of the product or product system.

3. Warranty

- a. MAPEI NEW ZEALAND LTD (MAPEI NZ LTD) provides product warranties, if the products are installed in accordance with the products Technical Data Sheet (TDS) plans, specifications, and complies with the relevant provisions of the New Zealand [building code](#).
- b. MAPEI NZ LTD warrants that the product/s when prepared and applied in accordance with the TDS will have the properties and characteristics set out in the TDS and will retain these properties and characteristics for the duration of the listed Warranty Period.
- c. The Applicator of a MAPEI product is not an agent or employee of MAPEI and therefore MAPEI takes no responsibility and assumes no liability for their workmanship.
- d. The applicator of the product must assess the substrate and the product/s suitability for the intended application and final service provision of the product.
- e. MAPEI NZ LTD warranties ***do not*** cover installation, workmanship or product mixing and preparation aspects which is the sole responsibility of the applicator who is not an officer, agent, servant, or employee of MAPEI NZ LTD.
- f. It is the sole responsibility of the product applicator to store the product/s, prepare the substrate, prepare, mix, and apply the product/s in accordance to the product/s TDS.
- g. Information given relating to the application and use of MAPEI products is given in good faith based on MAPEI's current knowledge and experience of its products when they are appropriately stored, handled and applied under recommended conditions according to the information in the product/s TDS.
- h. A full list of all product warranty terms and conditions is available upon request.
